EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jessica Monachello, Reg. No. 58,015, on 7/29/2009.

The application has been amended as follows:

In Claim 1 and the last line of Claim 1 is changed to the following:

or an optical isomer thereof.

In Claim 2 and the last two lines of Claim 2, "and optical isomers and racemates thereof" is change to "or an optical isomer thereof."

In Claim 3 and the last line of Claim 3, "and optical isomers and racemates thereof" is change to "or an optical isomer thereof."

In Claim 4 and line 4, "these" is change to "the."

In Claim 4 and line 8, "these" is change to "the."

The following is an examiner's statement of reasons for allowance: The closest prior art is that of US Patent 5,589,503. The prior art does not teach nor suggest the instant compounds of Claim1, nor the specific modification to the cyclohexadepsipeptides. While the class of endoparasitocidal compounds are known, the prior art does not suggest the core structure or with the modifications at R¹.

Art Unit: 1654

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
